

# Technical specification/ Data sheet

## Alarm cable 4 cores with screen: SEC4S-HQ

| Product Specification              |                          |                  |
|------------------------------------|--------------------------|------------------|
| Item:                              | SEC4S-HQ                 |                  |
| Materials                          |                          |                  |
| 1. Inner Conductor                 | Nominal O.D.:            | 4 cores 7x0.16mm |
|                                    | Material:                | Bare Copper      |
| 2. Insulation                      | Nominal O.D.:            | 1.0mm            |
|                                    | Material                 | PVC              |
| 3. Jacket                          | Color                    | White            |
|                                    | Nominal O.D.:            | 3.4±0.1mm        |
|                                    | Material                 | PVC (CPR Eca)    |
| 4. Foil Shield                     | Coverage                 | 100%             |
|                                    | Material                 | AL/Foil          |
| Core Colors                        | Red, Blue, Yellow, Black |                  |
| ELECTRICAL CHARACTERISTICS (@20°C) |                          |                  |
| Max Conductor Resistance (ohms/km) | 230                      |                  |
| Core Spark Test Voltage (KV)       | 2.5                      |                  |
| Rated temperature                  | 70°C                     |                  |
