

## Declaration

We, Risen Energy Co., Ltd hereby confirm that short side mounting method of our panels stated below on CORAB's constructions, with the following mechanical loads:

Module	Test Load on Front	Test Load on Back	CORAB' s Mounting System
RSM132-6-xxxM	2400Pa	2400Pa	PB-062, PB-064, PB-066, PB-068, PB-074, PB-076, PB-092, PB-094
RSM40-8-xxxM	2400Pa	2400Pa	
RSM 144-6-xxxM&BMDG	1600Pa	1600Pa	
RSM144-7xxxM&BMDG	1600Pa	1600Pa	
RSM110-8-xxxM	1000Pa	1000Pa	
RSM150-8-xxxM	1000Pa	1000Pa	

The above CORAB's mounting system is allowed and approved, and Risen will fully honor our standard PV Module(s) Warranty on such installation.

Deformation caused by self-weight and allowed load won't affect modules power productivity.

Risen Energy won't be responsible for the mounting structure performance.
